Each individual test and CMS approved panel must have ICD code(s) to indicate the medical necessity of the test requested. Please provide all applicable ICD code(s) for the tests ordered. @ Tests for Medicare Patients Must be screened to determine if an Advanced Beneficiary Notice (ABN) is required. An ABN must be provided to the Medicare patient if there is a reason to believe Medicare will deny the test. Medicare may deny tests due to frequency. Medicare does not generally cover routine screening tests.
